## ALOHA Welcome to the HAWAII SAIL & POWER SQUADRON

The Hawaii Sail & Power Squadron was formed by several ambitious past commanders of the Honolulu Sail & Power Squadron along with several other remarkable individuals on January 11, 2011 with a mission to provide the finest best boating education in the classroom and on the water. Our award winning Instructors offer the highest quality boating education programs with a true commitment to excellence.

Join in on fun, come aboard we will surpass your expectations! Come find out why people come and take their boating classes with us. So come learn from the best!

The USPS Seminars will start in May and will be on various topics monthly held on Saturday mornings for only 1-2 hours. The cost is between \$20.00 - \$35.00 which will include the manual w/CD and a waterproof guide for quick reference on your boat.

All of our squadron classes and seminars are taught at several locations including Ala Moana, Hawaii Kai Marina Patrol Office and Ko'Olina.

Events are scheduled for every month at various places for your enjoyment and pleasure. You do not have to own a boat to enjoy or participate. We have plenty of members who are generous and share their boats.

# HAWAII SAIL & POWER SQUADRON

## Seamanship Class

Starts: Monday, May 16, 2011  
7 Consecutive Monday Nights  
Time: 7:00PM - 9:00PM  
Where: Ala Moana  
Cost: \$50.00  
LIMITED SPACE

### Seamanship Module Descriptions

Building on the basics learned in *Boating*, *Seamanship* is an important foundation for other "advanced grade" courses. The student learns:

#### S101 Seamanship

- Marlinespike
- Safety
- The Skipper's Responsibilities
- Before Leaving the Dock
- Weather and Wave Forms
- Nautical Etiquette and Customs

#### S102 Boat Handling

- Hull Design and Care
- Docking and Undocking, Towing, Tailoring
- Anchoring, Rafting, Mooring and Dinghies
- Cruising Considerations
- Boating Emergencies - Be Prepared

### The Latest Sailing Adventures of Club Members Mark & Dorothy Hazlett

Karen and Jeff— Hope all is well with both of you. Sorry for the delayed response. Just got regular email back after arriving in Polynesia (Marquesas from Mexico). We are in Nuka Hiva and just got back from a party last night on a 65 foot cat. Tomorrow we have dinner with a couple from Rutea named Neal and Ruthie Schneider who were at La Cruz and got here a month before us. Passage was very easy. We got here after sailing a couple days with double-reefed main only so we could arrive at dawn. We were slow (20 or 21 days depending on how you count) but never were able to fly our kite or go wing-on-wing because of a pole problem that was supposed to have been fixed in La Cruz and laziness. Just as well as we read more books. We will be here at least ten days-two weeks in the Marquesas and then head to Tuamotus. Nothing broke and everything is fine. Have to get up for early market and fresh baguettes. Fair winds and aloha, Mark and Dot , sv Pua'ena

## Got Enough Insurance?

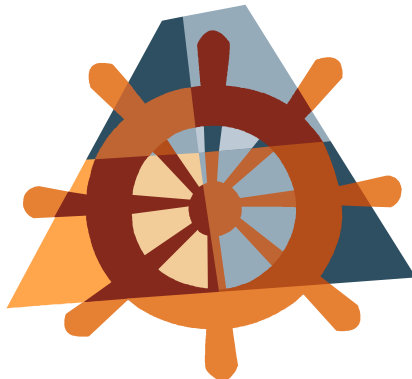

REDUCE YOUR INSURANCE PREMIUM BY AS MUCH AS 23% WITH THE USPS BOAT INSURANCE PROGRAM.

EVERY USPS EDUCATION COURSE AND ANNUAL SAFETY CHECK PASSED CAN EARN CREDIT ON YOUR PREMIUM!

Basic & elective courses each earn a 2.5% credit with a maximum credit of 20% for a full certificate. Vessel safety checks earn 3% for a maximum savings of 23%!

Check out the USPS Boat Insurance Program at [www.uspsboatinsurance.com](http://www.uspsboatinsurance.com)

# Get Your Free Vessel Safety Check for 2011

A vessel safety check is a courtesy examination of a boat to verify the presence and operable condition of certain safety equipment required by state and federal regulations. The Vessel Examiner is a trained specialist and is a member of the US Power Squadrons or the US Coast Guard Auxiliary. They will also make certain recommendations and discuss safety related issues that will make boat owners safe boaters.

The inspection is really quick and easy. Many trailerable boats can be inspected in as little as ten minutes. All boaters will receive a copy of the evaluation form at the end of the inspection. Boats that meet the safety requirements will receive a current Vessel Safety Check decal to be displayed onboard.

If replacement or additional safety items are needed to successfully meet the requirements, the VSC form can be shown at both Boat U.S. and West Marine stores to purchase necessary safety related items at a discount. If the necessary items are purchased at the time of the check, the decal will still be awarded.

Vessel Safety Checks are not marine surveys. Vessel Examiners do not issue citations if boats fail to meet safety requirements.

For more information about the VSC program, to get a preview of the safety requirements or to schedule a VSC for your boat by one of our HSPS qualified Vessel Safety Examiners please call:

**PHONE (808) 594-8262**
